

MOHAN PRASANDH V

WORDPRESS & PYTHON DEVELOPER

Namakkal, Tamil Nadu | +91 80728 31721 | mohanprasandh05@gmail.com | [linkedin.com/in/mohanprasandh](https://www.linkedin.com/in/mohanprasandh)

PROFESSIONAL SUMMERY

WordPress & Python Developer skilled in building functional, user-friendly websites. Known for a unique “Vibe Coding” style — writing clean, efficient code with strong debugging ability and delivering projects on time. Experienced in creating 5+ portfolio websites and static client pages using Elementor. Skilled in Python fundamentals with projects like To-Do List App and Bike Rental System. Proficient in using AI tools to improve productivity and efficiency.

EDUCATION

KSRCAS

2022 – 2025

Bachelor of Computer Applications - 6.8/10

WORK EXPERIENCE

WordPress Intern

Buyzencart Startup

Jan 2025 – Mar 2025

- Learned the fundamentals of WordPress CMS, cPanel, and website management during internship.
- Gained practical exposure to how WordPress functions in real projects.
- Understood basics of plugin usage, content management, and client website maintenance.
- Developed strong interest in building websites and improving them with design efficiency.

Freelance Web Developer (Vibe Coding)

April 2025 – Present

- Designed and developed static portfolio websites for clients through custom coding (Vibe Coding approach).
- Successfully handled end-to-end project delivery, including debugging, deployment, and hosting services.
- Recognized for strong debugging skills and ability to deliver optimized, client-focused websites on time.

PROJECTS

- To-Do List App (Python): Built a simple task manager using Python fundamentals.
- Bike Rental System (Python): Console app to rent, return, and calculate billing.
- Portfolio Websites (Vibe Coding + AI): Designed static portfolio sites with custom coding and AI support.
- WordPress Projects (Elementor): Created 1–2 SEO-friendly static pages for clients.
